# FLIR SKYWATCH®

## MOBILE SURVEILLANCE AND DETERRENCE TOWER

See more and respond faster from higher ground.

Rising over two stories, FLIR SkyWatch is a rugged, highly reinforced mobile surveillance platform that can withstand 60 mph winds while keeping the operator safe, comfortable, and focused. Portable and rapidly deployable, it provides a strategic perspective and symbolic deterrent. Customize payload with pan-tilt IR, night vision, visible-light cameras, in-cab controls, ground radar, monitors, and NVR, and searchlights. Designed for crowd control, high-crime area monitoring, and missing person command, SkyWatch easily moves to where the threat is.

FLIR SkyWatch safely raises and lowers in 90 seconds. Operators have 360° visibility from an ergonomic command desk in the temperature controlled cabin. Optional public address system, full-function siren, and roof-mounted, high-powered searchlights with internal pan/tilt control allow operators to alert ground support and crowds of an immediate threat. Wireless video streaming and remote control allow operators to take advantage of the elevated perspective without actually sitting in the cabin.

### FEATURES

- » AC AND HEATING FOR OPERATOR COMFORT
- » LED FLOODLIGHTS ON EVERY SIDE
- » UNDER CAB SAFETY CAMERA
- » STROBE LIGHT AND DESCENT ALARM
- » RAPID DEPLOYMENT AND FULL PORTABILITY
- » POWERFUL MULTI-SENSOR CAPABILITY
- » FLEXIBLE DISPLAY VIEWS
- » TEMPERATURE-CONTROLLED TOWER
- » SEE, FIND, DOCUMENT EFFICIENTLY

### APPLICATIONS

- » MAJOR VENUE CONTROL
- » HIGH CRIME AREA MONITORING
- » MISSING PERSON COMMAND
- » LIMITED FORCE SUPPLEMENTATION
- » PERIMETER PROTECTION
- » GATE OVERWATCH
- » HIGH VALUE EQUIPMENT PROTECTION
- » PARKING LOT SURVEILLANCE AND DETECTION

# RUGGED AND ERGONOMIC WITH POWERFUL PAYLOADS FOR GREATER VISIBILITY

FLIR SkyWatch is a proven mobile surveillance platform that can withstand 60 mph gusts while keeping the operator safe, comfortable, and focused inside the temperature-controlled tower. Among the many flexible options are fixed or pan-tilt IR, night vision, and visible-light cameras, ground radar, DVR, and searchlights to help you see, find, and document more efficiently.

## FLIR SKYWATCH® DETAILS

Product Specifications	
	Two Person Cab
Height - Transport (Tow)*	10' 10"
Height - Transport (Truck)	9' 5"
Width - Transport	8' 2"
Length - Transport	24' 7"
Height - Cab Deployed	30' 6"
Height - Operator Eye Level	27' 0"
Width - Outriggers Deployed	19' 0"
Approx. Gross System Weight (lbs)	12,600
Approx. Tongue Weight (lbs)	1800
Trailer Components and Contents	
2 5/16 Ball	Standard
Lunette Eye	Optional
16K Single Axle 17.5" Dual Wheel	Standard
Dual Pump Hydraulic Lifting System	Standard
Hydraulic Reservoir (Gallons)	9
Generator Specifications	
Gasoline Generator with 20 Gallon EVAP Fuel Tank	Optional
Diesel 120 V Generator with 78 Gallon Fuel Tank	Standard
Approx. Gas Generator Run Time	24 Hours
Approx. Diesel Generator Run Time	5 Days
Solar Battery Charging System for Generator Start	Standard
Shore Power	Shore Power

Officers Compartment & Contents	
	Two Person Cab
Cab Width - Interior	4' 7"
Cab Length - Interior	6'-7"
Cab Height - Interior	6' 5"
Cab Max Additional Weight (lbs) **	3100
Window Type	Tinted Sliding
Descent Camera and Alarm	Standard
Blue Strobe Light	Standard
Digital Winder Speed Meter	Standard
Led Flood Lights (4)	Standard
15K BTU Air Conditioner	Standard
Swivel Chair(s)	2

### Standard Features

- » AC and heating for operator comfort
- » LED floodlights on every side
- » Under cab safety camera
- » Strobe light and descent alarm
- » Tinted windows
- » Command desk
- » Digital windspeed meter
- » Generator and fuel tank
- » 12 months parts & labor warranty

### Additional Options

- » Thermal PTZ cameras with in cab joystick controller and NVR
- » PTZ and fixed cameras with visible-light/IA night vision cameras with in-cab monitor, NVR, and mouse
- » Wireless video streaming and remote control
- » Ground surveillance radar
- » Public address system with 100-watt speakers and full-function siren
- » Roof-mounted, high-powered searchlights with internal pan/tilt control
- » Service maintenance plans
