ENFORCEMENT

How It Works

Cooperative purchasing is "Procurement conducted by, or on behalf of, one or more Public Procurement Units" as defined by the American Bar Association Model Procurement Code for State and Local Governments.

Safeware's contracts streamline the procurement process by developing RFPs and IFBs for national, competitive solicitations that meet or exceed local requirements. Their rigorous process is continually refined to best meet the needs of participating agencies and allows us to offer exceptional products from nationally acclaimed suppliers.
